The aim of the Leeds Beckett Repository is to provide open access to our research, as required by funder policies and permitted by publishers and copyright law.

The Leeds Beckett repository holds a wide range of publications, each of which has been checked for copyright and the relevant embargo period has been applied by the Research Services team.

We operate on a standard take-down policy. If you are the author or publisher of an output and you would like it removed from the repository, please [contact us](#) and we will investigate on a case-by-case basis.

Each thesis in the repository has been cleared where necessary by the author for third party copyright. If you would like a thesis to be removed from the repository or believe there is an issue with copyright, please contact us on [openaccess@leedsbeckett.ac.uk](mailto:openaccess@leedsbeckett.ac.uk) and we will investigate on a case-by-case basis.

# Choosing treatment for localised prostate cancer: a patient-conducted-interview study

Peter Branney, Senior Research Fellow, Centre for Men's Health, Leeds Metropolitan University

Steven Robertson, Reader, Centre for Men's Health, Leeds Metropolitan University

Sunjay Jain, Consultant Urological Surgeon, St. James' Hospital, Leeds
